Dear Alan Straubel and
anyone it may concern,

2-20-07

We, at Camp Happyland, near Fredericksburg, Va.) are very satisfied with the efficient and professional service which the Midatlantic Co. provided us. All aspects from proposal through construction were handled with a high ratio of output.

We are pleased and satisfied with the work and results which Jose Velasques put out to manage and perform the needed process.

We would recommend their work and we thank you.

Sincerely,

Caretaker: David E. Wood
